

Things I like and don't like

J'aime _____ J'adore _____ J'aime beaucoup _____

Je n'aime pas _____ Je déteste _____

When we talk about things we like and don't like, we use the DEFINITE article (le, la, l', les) preceding the thing we like or don't like.

i.e. J'aime le chocolat. Je n'aime pas les tempêtes(storms).

Write three sentences about things you like, and three sentences about things you don't like. Make sure your definite article matches the gender and number of the word you are looking up.
