

Hello CUSD 1 Families,

As we prepare for the upcoming school year's registration process, we would like provide families with information that will be an assistance as students register for school.

We are offering two registration open houses this year to provide more support for parents during the registration process. If you attend either of these registration events, you will be entered to win one of many prizes.

These registration "open house" events will be on July 26 from 2-7pm and July 27 from 10am-2pm, 2018. We will be providing different opportunities for parents to complete the registration process. There will be a place to get assistance with online registration, complete and submit required forms for each school, register for busing, pay registration fees, prepay lunch and breakfast meals, and get assistance completing the Free and Reduced Lunch forms.

Once you have completed the registration process, your child may pick up his/her schedule.

You will also have an opportunity to visit with various community organizations, purchase PE uniforms, and join the PTA and/or Booster Clubs.

CMS and CHS Students - Before a student participates in an extra-curricular or co-curricular contest, he/she must be registered for school with all fees and obligations met. This includes any outstanding food service balance greater than fifty dollars. Once these fees are paid, a student may practice. Also, prior to the 1<sup>st</sup> contest/competition an athlete must have paid his/her participation (athletic fee) fee.

CHS Students - A student's previous years' fees and lunch balances must be paid prior to purchasing a Parking Pass.

CHS Students - The previous year's Dual Credit Course fee must be paid before the start of the school year. If the course fee is not paid, students will earn credit toward graduation but will not earn credit at Lake Land College.

If you are unsure if your child owes fees from the previous year, please contact your child's school. The secretary or administrator will be able to provide you with that information.

You are not required to attend these registration sessions. You may complete all steps of registration online as before. These open houses are being offered as a place to come and complete the registration process. We understand that completing forms, making payments and finalizing the steps takes time and sometimes multiple visits to multiple schools. We hope to make the registration process more of a "one stop" process for you.
